(54) DISPLAY CONTROLLER AND ITS PROGRAM

(57)Abstract:

PROBLEM TO BE SOLVED: To display menu information for the prescribed number of hierarchies in the menu of a hierarchical structure distinguishably

on the same screen.

SOLUTION: When a main display area MA is switched as a menu display area according to the operation of a button B1, a menu processing part 24 reads menu information from a menu definition file 25, and makes the menu display area MA display the menu information in a state that respective divided areas screen-divided according to display area division number information 27 are displayed. At that time, the menu information for the number of hierarchical levels equivalent to the number of division is read from the menu definition file 25 by using the position of the hierarchical level selected at present as a reference, and each menu information is divided by each level, and assigned to and displayed in each divided area.

LEGAL STATUS

[Date of request for examination]

27.09.2004

[Date of sending the examiner's decision of rejection]

[Kind of final disposal of application other than the examiner's

decision of rejection or application converted registration]

[Date of final disposal for application]

abandonment

09.01.2007
